ŠKODA AUTO University was founded in 2000 as the first and the only company university in Czech Republic. Its founder is ŠKODA AUTO, seated in Mladá Boleslav, is one of the most important and most dynamically evolving companies in the Czech Republic and one of the largest brands of the Volkswagen concern.

What we offer:

- Modern facilities
- Graduate employability
- Relevant internships
- Exchange studies abroad
- High quality pedagogical staff
- Individual approach to students
- Complex and modern study programme
- High quality and extensive foreign language tuition
- Participation of ŠKODA AUTO experts in the study programmes
- Motivational programmes for gifted students

The development of international cooperation is one of ŠKODA AUTO University's main priorities. A key activity is the creation of a closely cooperating network of centres that focus on the collaboration of industry and business practice, on globalised branches and markets, embracing the goals and values shared by ŠKODA AUTO University. This development is greatly supported by active participation of academics from specialised departments, seminar activities at partner schools abroad, guest speaker lectures, joint research projects, conferences and seminars. An integral part of successful cooperation is motivated students who actively participate in projects of international cooperation.

With a view to enhancing its international study programmes, ŠKODA AUTO University has been providing a common Double-Degree programme with University of Applied Sciences Upper Austria since the academic year 2010/2011 as well as with Seinäjoki University of Applied Sciences (School of Business and Culture).

Erasmus Charter for Higher Education 2014-2020 is in accordance with SKODA AUTO University Internationalization strategy.

**ECHE** contains fundamental principles to be respected by HEI when participating in Erasmus+ programme.

Project Grants (within both Programme and Partner countries) help to increase

- the amount of mobility
- the practical experience by working in an international company
- the employability of graduates
- the general knowledge

In 2014, ŠKODA AUTO University successfully completed the accreditation process of the American Accreditation Council for Business Schools and Programs, obtaining the prestigious **ACBSP** business program accreditation under all of its standards and criteria.

In 2016, ŠKODA AUTO University obtained accreditation from the Czech Association of MBA Schools (**CAMBAS**). The accreditation allows ŠKODA AUTO University to develop and provide MBA lifelong-learning programmes.

Our **MBA Program Global Management in Automotive Industry** is a lifelong learning program targeted specifically to the needs and prospects of career-minded professionals in the automotive industry. The program aims at advancing knowledge and skills of future automotive industry leaders around the world. The program offers a significant career-elevating push to those candidates with global focus, open mind and high levels of curiosity.

Key components of our MBA program:

- 120 ECTS credits in 16 modules (courses)
- 18-24 months to complete the program
- Part-time (weekend) program
- Delivered fully in English
