

OUR CITY

Santander is located in the north of Spain (Cantabria). It's bathed by the sea and very close to the mountains as well. This makes the region ideal for those who wish to practice both ocean and mountain sports.

It is a very calm and quite, and one of the safest in Spain, with a population of approximately 200.000 inhabitants.

Santander and its lifestyle are very attractive for university students because distances are short and the cost of living is less expensive than in most European countries. Easy access to all of the city's opportunities and resources makes Santander an ideal place to enjoy a study abroad experience.

The city is well connected by highways and trains to the neighbouring cities of Bilbao, Oviedo or Burgos. We also have an international airport that also offers numerous daily flights to Madrid, Barcelona and some European capitals.

OUR UNIVERSITY

Founded in 2014, the Universidad Europea del Atlántico offers a well-rounded education focused on academic excellence and personal commitment. It combines discipline-specific training with strong English proficiency and cross-cutting skills in technology, teamwork, and project management.

Its teaching approach integrates theory with practical application from day one, emphasizing hands-on learning and active student participation.

OUR NUMBERS

Our academic program offers accredited undergraduate and postgraduate degrees, as well UNEATLANTICO expert and specialist certificates and diplomas. We are fully recognised by ANECA, the Spanish National Agency for Quality Assessment and Accreditation.

- 16 bachelor degree programs
- 16 master degree programs
- 2.348 undergraduate students
- 3.884 master's degree students
- 117 bilateral agreements
- 267 MOUs
- More than 100 Erasmus agreements

Faculty of Health Sciences

- Degree in Sport and Exercise Science
- Degree in Human Nutrition and Dietetics
- Degree in Food Science and Technology
- Degree in Gastronomic Sciences
- Degree in Psychology

Higher Polytechnic School

- Degree in Agro-Food Engineering
- Degree in Computer Engineering
- Degree in Industrial Organisation Engineering

Faculty of Social Sciences and Humanities

- Degree in Business Administration and Management
- Degree in International Relations
- Degree in Journalism
- Degree in Advertising and Public Relations
- Degree In Audiovisual Communication
- Degree in Primary Education
- Degree in Translation and Languages Teaching

*A university with a strong focus on internationalization
with representation offices in 36 countries.*

OUR SERVICES AND FACILITIES

- TV Studio+Radio Set
- Nutritional care center
- Ergogenics laboratory
- Bromatology and Food Technology, Biochemistry, Physiology and Microbiology Biomechanic lab
- Sport facilities
- Translation and interpretation boots
- Computer Labs, library and study rooms
- Psychological Assistance
- Auditorium, exhibition room

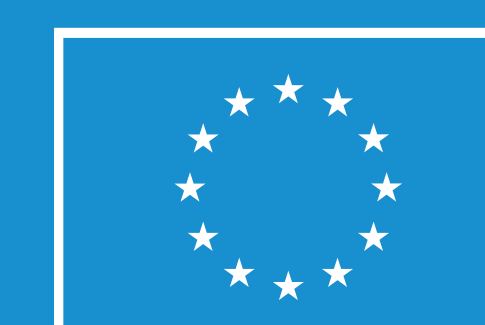

DIVERSE is an innovative alliance of twelve universities from eleven European countries aimed at improving higher education by fostering collaboration among students, researchers, and industry stakeholders to build a sustainable, inclusive, and innovative European future grounded in a shared vision of education, innovation, and work.

- +150.000 students
- +15.000 researchers and educators
- 12 universities
- 11 countries

OUR RESEARCH

The university is currently developing several research projects, related to the practical training of nurses, teachers, entrepreneurs, dieticians and nutritionists, among others.
