

Master civil engineering SPO 2024

CREDIT POINTS (CP)

	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	
1	Restoration of timber constructions					Timber engineering I					Ecological concepts for building in a regional context										15
2	Timber and reinforced concrete composite construction					Timber engineering II					Special topics of sustainable construction										15
3	Surface structures and finite element method					Design under fire exposure					FWPM										15
4	Scientific work					Fire protection concepts and fire protection in special construction					FWPM										15
5	Project work timber construction																				10
6	Master thesis																				20
Total 90 CP																					

Pre-semester Timber construction Sustainability Special topics in structural engineering
