General regulations to protect against new infections dated 07 June 2021*

- Adhere to **social distancing regulations**
  
- Ensure adequate ventilation in closed rooms.

- You are obliged to wear an **FFP 2 mask or at least a mask with an equivalent standardised norm** at all TH Rosenheim locations:
  - in busy outdoor areas and in university buildings
  - face masks at office workplaces only have to be worn where it is not possible to observe social distancing and there are no individual protective measures.

- No entry to the university for those displaying symptoms which could indicate a COVID-19 illness or for those obliged to stay in quarantine at home.

**Hygiene measures**

- **Hände sorgfältig waschen**
- **Hände vom Gesicht fernhalten**
- **In den Ärmel Husten und Niesen**
- **Regelmäßiges Lüften**

Contact with the public:

- Contact with the public is to be reduced to the absolute minimum. Contact should be made via telephone, post or digital communication (e.g. e-mail, video conference) wherever possible.

Conferences, conventions, trade fairs and graduation parties:

- Conferences, conventions, trade fairs and similar events with attendance in person are prohibited.
- Graduation parties are only permitted in accordance with the provisions in Section 7 of the 13th Infection Protection Measures Regulations outside of university premises/grounds.

Internal meetings:

- Should preferably be carried out using digital technologies.
- Attendance events such as meetings, consultations, professorial appointment presentations, job interviews, etc. are permitted. A special protective concept applies.

Teaching / lectures:

- Following a decision by the Extended University Management and in agreement with the Student Parliament, no face-to-face lectures or seminars will take place in the summer semester 2021.
- Practical and artistic elements, as well as events requiring special labs or working rooms at the university are permitted if FFP2 masks are worn and the minimum social distance of 1.5 m can be adhered to. Students must present a negative test result if the 7 day incidence rate is above 50. The voluntary testing concept for students (work experience) applies for incidence rates up to 50.
- The special hygiene concepts at the Health Faculty remain unaffected by this.
- Masks for work purposes can be provided by the university.
They will be issued from the secretary’s offices and organised by the occupational safety officer.

- In laboratories where dangerous substances or biological materials are handled, wearing a face mask (community mask) is not permitted due to the increased risk of contamination. Equivalent alternative protective options should be applied.

- **Student-organised working/learning groups**
  Groups must not be mixed. Group work is only possible if a minimum social distance of 1.5 m is kept between all students. Masks must be worn (FFP2 or equivalent masks) where this is not possible at all times.

- All participants at every practical face-to-face event / course are obliged to document their attendance via the Learning Campus, so that chains of infection can be traced.
- Teachers are responsible for adherence to protective regulations in the labs, and therefore have authority.

**Examinations:**

- Attending examinations is only permitted if the minimum social distance of 1.5 m between all participants is guaranteed. An FFP2 mask must be worn until students are seated at their desk. Once at their desk, they can exchange the FFP2 mask for a surgical mask. FFP2 masks are mandatory for invigilators.

- The voluntary testing concept for students (early examinations) applies.

- The specifications in Point 1 apply to viewing examination papers in person, provided that all those involved wear an FFP2 mask.
The library:

• The library is open with reduced operations. More information can be found here: https://www.th-rosenheim.de/die-hochschule/einrichtungen/bibliothek/

Field trips:

• Are only allowed if postponing / cancelling them would lead to unreasonable disadvantages for the students.

• Only in Germany or in countries/regions abroad which do not have an increased risk of infection with the coronavirus SARS-CoV-2 (virus mutation regions, high-incidence regions, high-risk regions); the decisive factor here is the current RKI publication on the travel days.

• Participants are themselves responsible for adhering to official hygiene regulations when travelling to and from the location or staying overnight.

• Only visit facilities/companies which can present an appropriate hygiene concept; the head of the field trip must check this.

Business trips or private trips/holidays:

• Business trips - only if it is not possible to postpone them, or digital alternatives are not available or not appropriate.

• Business trips - only in Germany or in countries/regions abroad which do not have an increased risk of infection with the coronavirus SARS-CoV-2 (virus mutation regions, high-incidence regions, high-risk regions); the decisive factor here is the current RKI publication on the travel days.
• Private trips/holidays - see this website for the potential employment consequences of private trips to high-risk areas https://www.th-rosenheim.de/intranet/abteilungen/personal/aktuelle-informationen

Office workplaces:

• Office work and working from home are to be conducted according to the individual University Management / occupational law provisions (https://www.th-rosenheim.de/intranet/abteilungen/personal/aktuelle-informationen/ & https://th-rosenheim.agu-hochschulen.de/aktuelles) and after consultation with your superior. The necessary work on site is to be organised in such a way that there is sufficient social distancing or individual protective options.

University sports:

• Permitted in accordance with the provisions in Section 12 of the 13th Infection Protection Measures Regulations outside of university premises/grounds.

Face-to-face university choir/orchestra rehearsals:

• One-to-one instrument and singing lessons are permitted in accordance with the provisions in Section 25 (3) of the 13th BayIfSMV (Bavarian Infection Protection Measures Regulations).

University canteen

• The university canteen will remain closed until further notice.
* The requirements of the 13th Bayerische Infektionsschutzmaßnahmenverordnung (Bavarian Infection Protection Measures Regulations) (13th BayIfSMV) from 5 June 2021 are taken into account
