General regulations to protect against new infections dated 1 December 2020*

- Adhere to social distancing regulations

- Keep the number of physical contacts to others to an absolute minimum

- The obligation to wear a **face mask** covering the mouth and nose (“compulsory masks”):
  - face masks must be worn by students and lecturers for attendance events!
  - in outdoor areas and in university buildings
  - This means that face masks must be worn throughout the entire university premises, both indoors and outdoors.
  - Face masks at office workplaces only have to be worn where it is not possible to observe social distancing and there are no individual protective measures.

- No entry for those displaying symptoms which could indicate a COVID-19 illness or for those obliged to stay in quarantine at home

- Hygiene measures:
  - Wash your hands carefully
  - Keep your hands away from your face
  - Sneeze or cough into your sleeve
  - Regular ventilation

General regulations to protect against new infections dated 1 December 2020*

Contact with the public:

- Contact with the public is to be reduced to the absolute minimum. Contact should be made via telephone, post or digital communication (e.g. e-mail, video conference) wherever possible.

Events:

- Only purely work-related events are allowed, such as meetings, consultations, professorial appointment presentations, workshops, etc.

Teaching / lectures - from 1 until initially 20 December

- No face-to-face teaching events are being held on any of the TH Rosenheim’s campuses. Teaching is only being conducted digitally.
- Practical and artistic elements, as well as events requiring special labs or working rooms at the university are permitted if it can be ensured that masks are worn (obligatory face masks) and the minimum social distance of 1.5 m can be adhered to.
- Masks for work purposes can be provided by the university. They will be issued from the secretary’s offices and organised by the occupational safety officer, Georg Lechner.
- In laboratories where dangerous substances or biological materials are handled, wearing a face mask (community mask) is not permitted due to the increased risk of contamination. Equivalent alternative protective options should be applied.
- Student-organised working/learning groups on campus must observe the minimum social distance of 1.5 m. Groups must not be mixed.
- All participants at every practical face-to-face event / course are obliged to document their attendance via the Learning Campus, so that chains of infection can be traced.
- Teaching staff is responsible for adherence to hygiene regulations in the labs, and therefore have authority.
Examinations:

- Attending examinations is only permitted if the minimum social distance of 1.5 m between all participants is guaranteed. Masks do not have to be worn at your seat in an exam itself.

Libraries:

- The library will stay open.

Field trips:

- Are only allowed if postponing / cancelling them would lead to unreasonable disadvantages for the students.
- Only in Germany or in countries/regions abroad without a travel warning which do not have an increased risk of infection with the coronavirus SARS-CoV-2; the decisive factor here is the current RKI publication about classification as a high-risk area on the travel days.
- Participants are themselves responsible for adhering to official hygiene regulations when travelling to and from the location or staying overnight.
- Only visit facilities/companies which can present an appropriate hygiene concept; the head of the field trip must check this.
General regulations to protect against new infections dated 1 December 2020*

Business trips or private / vacation trips:

• Business trips only if postponement is not possible or digital alternatives are not available or do not make sense
• Business trips only in Germany or to countries / areas abroad for which no travel warning applies and in which there is no increased risk of infection with the SARS-CoV-2 coronavirus; The current publication of the RKI on the classification of risk areas is decisive.
• Private / leisure trips: for possible legal consequences of private trips to risk areas according to labour law, see https://www.th-rosenheim.de/intranet/abteilungen/personal/aktuelle-informationen

Office workplaces:

• Office work and mobile work are to be carried out individually according to the requirements of the university management / occupational health and safety requirements (https://www.th-rosenheim.de/intranet/abteilungen/personal/aktuelle-informationen / & https://th-rosenheim.agu-hochschulen.de / current) and after consultation with the supervisor. Work required on site must be organized in such a way that there are sufficient minimum distances or individual protective measures. The use of radiant heaters in offices is prohibited!

Meetings / Job interviews:

• Should preferably be carried out using digital technology.
• Adherance to the general hygiene protection measures (see page 1); In case of catering, the requirements of the event management must be adhered to.
**General regulations to protect against new infections dated 1 December 2020***

**University sports:**

- Individual types of sports, only alone or in pairs. Team sports practice is not permitted.

**Face-to-face university choir/orchestra rehearsals:**

- Currently not permitted because the maximum incidence rate of 200 has been exceeded.

---

*Requirements of the 9th Bavarian Infection Protection Measures Ordinance (9th BayIfSMV) of November 30, 2020 are taken into account*
