Computer Rooms / Computer Centre

In the 1st floor of the S-building there are four computer rooms, which can be used by all students (until 09:00 pm). In front of the door of each room you can see at the schedule when there are lectures in the computer room. If there is no lecture you can use the computers. Each computer has internet access and each room is equipped with a printer. Every student receives with his enrolment an e-mail address of TH Rosenheim and an access code for the computers. To use the printer, you have to charge an extra credit on your student card. The student assistants in room S 1.32 will help you.
