Double Degree Programme  
University of South Wales, UK

Benefit from the Bologna process and obtain a British Bachelor’s degree. How? By using the European Credit Transfer System (ECTS). In general, you need at least 180 ECTS to obtain a Bachelor’s degree. At Rosenheim UAS, it is 210 ECTS. Once you have obtained 120 ECTS in Rosenheim you can go to South Wales to earn the remaining 60 ECTS you would officially - by European educational law - need to graduate. Thus, you transfer your German credit points to the University of South Wales. When you have finished the programme you have chosen at the host university, you should have a total of 180 ECTS.

Requirements:
- Enrolment in Bachelor’s Degree Programme in Business Administration
- Students must have achieved as a minimum precondition 120 ECTS before starting their study period at host University
- Good command of English and willingness to improve language skills

Contact Rosenheim:
Prof. Dr. Stephan Hornig

E-Mail: gina.parselle@southwales.ac.uk

Duration of double degree programme:
Start in September / Winter semester, choosing the “Work Based Learning” (WBL) route to earn a total of 60 ECTS. This involves a study period in Cardiff (end September to Christmas), followed by an internship after Christmas. The internship can be anywhere, and has to be organized by the student him-/herself.
Programme Structure at host University: (for an up-to-date list, please refer to: http://international.southwales.ac.uk/study-abroad/incoming/europe/2-1/)

If you want to participate in the Double Degree Programme, you should choose the WBL options – work-based learning. The work based learning route allows students to split their study (30 ECTS) with an in company work based learning period (30 ECTS).

Choose courses from the following Degree Programmes at host University:

Business Courses
- BA Business Management (WBL, European partners, September arrival)*
- BA International Business Management (WBL, European Partners, September Arrival)*
- BA Human Resource Management (WBL, European partners, September arrival)*
- BA Logistics and Supply Chain Management (WBL, European partners, September arrival)*
- BA Marketing (WBL, European partners, September arrival)*

Accounting Courses
- BA International Accounting and Finance (WBL, European Partners, September arrival)*

Bachelor Thesis (language, supervisor from home or both institutions, requirements from home or both institutions): The dissertation must be written in English under the supervision of an USW professor. It can and should at the same time fulfill the requirements of your internship report, which you must hand in at the Internship Office in Rosenheim.

Application deadline at the University of South Wales: End of March (double degree students only accepted in starting September). Students need to apply as soon as possible. No formal closing date but we would appreciate applications by end of March.

PLEASE NOTE: First, you have to apply at the International Office of Rosenheim UAS using Mobility Online. Apply for the Double Degree only after your formal nomination by the International Office.

Application process: Apply online on the following link:
http://international.southwales.ac.uk/study-abroad/incoming/europe/2-1/. A "Guide To Applying" will take you through the application process. Is the course registration part of the application process, and as such binding? Actual registration takes place when the students arrive in September. As long as the course directors approve, changes should be possible.

After your application you will first receive a “conditional offer”. Only upon successful completion of at least 120 ECTS – at the end of the summer term/your 4th semester in Rosenheim - the "unconditional offer" will be granted.

International Office, Raum R.2.22
